Roll Call:

Applications for Review:

App.#12-14: Michaela K. Quinlan, 86 Orion Road, Block 3401, Lot 16 (R-20 Zone)

Seeking to replace an existing, 112 square ft. shed (8' x 14' x 10' high) with a new 140 square ft. shed. The larger shed would be for storage of specific items. Relief is needed from Section 6.3.1B.4. of the Land Use Ordinance which limits sheds to 100 square ft. in size.

App. #13-14: Michael & Sylvia Deo, 63 Old Farm Road, Block 3002, Lot 15 (R-20 Zone)

Relief is needed from Article 6.1, Section 6.1.1B "Schedule of General Regulations" because the existing outdoor fireplace, raised patio and seating wall encroach into the accessory side yard setback (required: 12', existing: 7.3'). In addition, the applicants are requesting removal of Condition #5 of the Resolution of Approval for Application #11-09 which stated that the "area over the garage shall be limited to storage and not used as a living space." The homeowners had been before the Board in 2009 to apply for variances needed to construct additions to their single-family residence.

App.#15-14: Stephen Croneberger, 42 Hamilton Terrace, Block 2004, Lot 6 (R-15 Zone)

Proposed 3-car garage with loft area above and raised deck type area between the proposed garage and existing house. The lot is a corner lot with frontage on Hamilton Terrace, Burgmiller Avenue (an unimproved municipal 50' road right-of-way) and Wardle Avenue (unimproved). Relief is needed from Section 6.1.1B, "Schedule of General Regulations," because the garage will encroach into the front-yard setback on Burgmiller Avenue (required: 50'; existing: 70'; proposed: 34.25'). Nonconforming issues are existing principal front yard setback from Hamilton Terrace, existing shed location (located over the property line into Burgmiller Avenue) and existing shed size of 160 sq. ft. compared with 100 sq. ft. allowed.

--TO BE CARRIED TO JUNE 26, 2014 WITHOUT FURTHER NOTICE:

App.#11-14: 174 Snyder Ave. BH, LLC, 174 Snyder Avenue, Block 801, Lot 50 (R-15 Zone)

Seeking a d(1) use variance for a two-story residential dwelling built in 1910 and located in the R-15 single family zone which has been operating as a four-family home. The applicant and owner of the property would like to undertake interior improvements, most notably a relocation of the existing laundry facilities from the interior living area on the second floor to the attic area above the second floor units. Other changes include new exterior windows and removal of the existing Bilco door. The existing shed and garbage enclosure will be relocated to comply with the setback requirements or removed entirely. Relief is also needed from Section 8.1.1B.1 "Expanding a nonconforming use" due to the interior expansion into the existing attic space for use as a utility room. Existing nonconforming issues are principal use; principal front-yard setback; existing "other" coverage of 22.44%, which includes the 800 sq. ft. stone driveway (allowed: 10%); and existing shed (which encroaches into the rear-yard setback).
